GOVERNOR FILLS IMPORTANT POSTS

Names Health Officer, Keeper of Military Records and Colonels.

Governor Montague yesterday announced the following appointments:
Colonel John S. Harwood, Richmond, thief of staff vice, Colonel George C. Cabell, Jr., resigned.

E. C. Carrington, of Dânville, member, of staff with rank of colonel, to succeed Colonel Harwood.

Major Robert W. Hunter, Winchester, sacretary Virginia military records.

Dr. Julian A. Norfleet, Berkley, quarantine officer for the district of Elizabeth River and its branches.

The announcement of the appointment of Colonel Harwood as chief of staff to succeed Colonel Cabell is an exceptionality popular one, and Colonel Harwood having served with distinction, in a like capacity at the head of Governor O'Ferrall's staff, and being familiar with all the duties of the place, will reflect great credit upon it.

Colonel Carrington, who will fill the vosition allotted to the Fifth District on the staff, is quite a popular man, and is well and favorably known both socially and politically.

Colonel Hunter, who fills the place of secretary of military records, is distinguished as a former Confederate officer, and is well fitted for the duties of the place. The place was created by the bill yest passed to have the Confederate muster rolls properly compiled and preserved.

Dr. Norfleet secured a splendid appointment as quarantine officer for the Elizabeth River. The place is now filled by Dr. Varae, of Norfolk, who was appointed by Governor Montague two years ago, Dr. Norfleet is a brother-in-law of Hon.

J. C. Parker, of Southampton, and a physician of high standing.

THE CONTEST FAILS.

Norfolk County Election Case Has Been Expensive.

Has Been Expensive.

The record in the contested election case from Norfolk county of Hugh Johnston and H. W. Ethridge vs. W. G. Farker and E. W. Owens has just been practiced by the House in this case, which has been hanging on for two months, and the case has been a useless expense, which however, there seemed no prospect of avoiding. The record exceeding printing pages, and the printing cost the State about \$500.

Messrs, Johnston and Ethridge, the contestants, were candidates of the straight-out faction of Norfolk county Messrs. Owens and Parker were the nominees of the fusion faction, and were awarded the certificates. Thus ends for this session in the counsel for the counts of the county factors.

fight.
The counsel for the contestants are
Messrs, Cabell and Sebrell, and for the
contestees Mr. R. H. Bagby.

NORFOLK CASE DEFERRED Dey-Trehy Contest Will Not

Come Up Until April.

According to the statement of Mr. Robert Galliam, chairman of the sub-committee of the State Democratic Committee, the subcommittee will not sit to complete the taking of testimony in the Norfolk city primary election contest until after March 30th. The exact date has not yet been fixed, it was innounced last week that the subdommittee would reconvene and resume testimony to-day, but, owing to prior engagements of Hon. Geo. C. Cabell, 4r., counsel for contestees, the postponement until April became nocessary.

sary. The delay in the work of the subcommittee means delay in the meeting of the Democratic State Central Committee and the fixing of the time and place for hoding the State convention. The tull committee will not meet until the succommittee is ready to report on the Norfolk case, and it will then dispose of both matters.

Richmond Case in Court.

Richmond Case in Court.

In the United States District Court yesterday Judge Waddill heard further argument in the case of Barcus vs. Gates, the point at issue still being the matter of attorneys' fees.

The court then heard argument on a demurrer to the declaration in the case of Peter Hagan vs. the City of Richmond. This is an action for damages in the sum of \$5,000 brought by Hagan, of Hoston, against the city for the blowing up of a coal barge in the harbor in the year 1839. It was removed by the city City Attorney Pollard appeared for the city and John A. Lamb and R. H. Taley for the plaintiff. No decision was reached on the demurrer.

Among the visitors in attendance on the afternoon session of the Senate was Hon-Don P. Halsey, one of the most popular of the ex-members of the Senate. Mr. Halsey retired from the Senate two months ago, after having made a very fine record. He was elected to fill the unexpired term of Hon. Carter Glass, elected to Congress.

Mr. Halsey is here to argue a case before the Supreme Court of Appeals. He is also interested in the fate of a bill now before a Senate committee.

Judge Tredway Here.

Ex-Judge James L. Tredway, of Pittsylvania, is in the city shaking hands
with his old friends at the Capitol. Judge
fredway was for some years a member
of the State Senate, and has long been
connected with the management of the
Western State Hospital. He is interested
in the Chatham dispensary bill, introduced a few days ago by Senator Rison
Judge Tredway is opposed to the dispensary movement, and regards its prospects of passage by the House as very
small.

In the Hustings Court yesterday afterneon, James R. Stenault was sent to the penitentiary for a term of five years for maliciously wounding his brother.

Andrew Cousins was given three years for grand larceny. He is known as a boarding house thiet.

Continued Warm Weather. Continued fair weather is promised by the local weather bureau. The official prediction makes no change is the pres-ent balmy temperature prevailing. The river has risen several feet as a result of the late rains, but there is no danger of a freshet.

The Views of Both Sides Reduced to Smallest Nutshell Proportions.

The controvery between the Ice men ng some of their larger customers seems to be no nearer settlement than it was reveral days ago. The ice men claim that in the main the agicution for a that in the main the asimilation for a rectoration of prices, about which so much has been said, is nothing more than a clamor raised by the smaller medium sized users of congested water, who want to be put on equal footing as to prices and accommodations as the men who use very large quantities.

The fee men say the thing can't be done and all the talk about an independent plant to meet the yiews and comply done and all the talk about an independent plant to meet the views and comply with the figures demanded by the smaller users, is all pony-cock, and such a plant will prove to be, as past experience has shown, a very costly experiment. Those who are classed as the smaller users of ice, however, do not agree to these conclusions, and say there is something more yet to come in support of
